Nothing's as It Seems

Two sides to every coin. Two different interpretations of the same event.
Must one side be "true" and the other side "false?"
Could both sides be "true" at the same time...dependent upon the observer's perspective?

Album Review: **Nothing's as It Seems**

Review by Kathy Parsons/www.MainlyPiano.com
(https://mainlypiano.com/reviews/matt-johnson-nothings-as-it-seems-single)

Calling it "A soundtrack...looking for a movie," *"Nothing's as It Seems"* is an exciting single from pianist/composer Matt Johnson. Fully-orchestrated, the piece has a strong, catchy rhythm behind the strings, percussion and piano. The variety of themes in the piece make it suitable for any number of movie storylines, but be sure to watch the two YouTube videos for the piece.

The "official" video https://youtu.be/fJq0yEJG_o4 was created with swirling abstract shapes and vibrant colors that move effortlessly to the music. The second video https://youtu.be/6pbLKhfRE9Y is by Al Terego and tells more of a story that follows the theme:

"Two sides to every coin. Two different interpretations of the same event. Must one side be 'true' and the other side 'false?' Could both sides be 'true' at the same time...dependent upon the observer's perspective?"

It's a fascinating project and the videos add perspective as well as a very enjoyable viewing (and listening!) experience!

"Nothing's as It Seems" can be downloaded or streamed on Amazon and Apple Music/iTunes, and is available from many streaming platforms including Spotify and Pandora. Sheet music for "Nothing's as It Seems" is also available from Matt's website...as a lead sheet rather that a piano solo. The sheet music is also available from JWPepper.com, SheetMusicDirect.com, and SheetMusicPlus.com.

Check it out!

PUBLIC DOMAIN RELEASE

To Whom It May Concern:

I, Matt Johnson, (American pianist/composer, ISNI: 0000 0004 6875 3420) fully intend to enjoy the copyright benefits of my creative works while I am alive. However, upon my death I will relinquish all Intellectual property rights, copyrights and neighboring rights, thus bequeathing my entire catalog of creative works to the worldwide public domain. Concurrently, I'll relinquish all copyrights for each sound recording found within my discography—which is officially listed on www.MusicBrainz.com—into the public domain. My goal is to contribute my life's work to the global community and allow all of my endeavors to become freely available to everyone—no strings attached.

I've elected to use a three-tier copyright waiver created by the Creative Commons* called CC0 for this purpose. It is the best tool to legally release all copyrights on my works, as it provides adequate fallback permissions in case any part of the waiver is deemed legally invalid. This waiver nullifies and voids all copyright on my works. It also provides a fallback all-permissive license in case the waiver is deemed legally invalid. In the worst case that even the license is deemed invalid, the license contains a promise from me, the copyright holder, not to exercise any copyrights I own in my works. CC0 enables me to waive the interests in my works and thereby place them as completely as possible in the public domain, so that others may freely build upon, enhance and reuse my works for any purposes without restriction under copyright or database law. CC0 gives me the choice to opt out of the exclusive rights automatically granted under copyright and instead choose a "no rights reserved" alternative.

Further clarification: Upon my death, I explicitly disclaim any proprietary interest and release all rights to my entire catalog of Intellectual Property—i.e., musical compositions, sound recordings, books, prose, graphics, etc.—thereby placing everything in the worldwide public domain.

Attribution: Please extend the professional and ethical courtesy of keeping my name as creator.

Peace,
Matt Johnson

Statement of Purpose

The laws of most jurisdictions throughout the world automatically confer exclusive Copyright and Related Rights (defined below) upon the creator and subsequent owner(s) (each and all, an "owner") of an original work of authorship and/or a database (each, a "Work"). Certain owners wish to permanently relinquish those rights to a Work for the purpose of contributing to a commons of creative, cultural and scientific works ("Commons") that the public can reliably and without fear of later claims of infringement build upon, modify, incorporate in other works, reuse and redistribute as freely as possible in any form whatsoever and for any purposes, including without limitation commercial purposes. These owners may contribute to the Commons to promote the ideal of a free culture and the further production of creative, cultural and scientific works, or to gain reputation or greater distribution for their Work in part through the use and efforts of others.
For these and/or other purposes and motivations, and without any expectation of additional consideration or compensation, the person associating CC0 with a Work (the "Affirmer"), to the extent that he or she is an owner of Copyright and Related Rights in the Work, voluntarily elects to apply CC0 to the Work and publicly distribute the Work under its terms, with knowledge of his or her Copyright and Related Rights in the Work and the meaning and intended legal effect of CC0 on those rights.

1. Copyright and Related Rights. A Work made available under CC0 may be protected by copyright and related or neighboring rights ("Copyright and Related Rights"). Copyright and Related Rights include, but are not limited to, the following:
• the right to reproduce, adapt, distribute, perform, display, communicate, and translate a Work;
• moral rights retained by the original author(s) and/or performer(s);
• publicity and privacy rights pertaining to a person's image or likeness depicted in a Work;
• rights protecting against unfair competition in regards to a Work, subject to the limitations in paragraph 4(a), below;
• rights protecting the extraction, dissemination, use and reuse of data in a Work;
• database rights (such as those arising under Directive 96/9/EC of the European Parliament and of the Council of 11 March 1996 on the legal protection of databases, and under any national implementation thereof, including any amended or successor version of such directive); and

• other similar, equivalent or corresponding rights throughout the world based on applicable law or treaty, and any national implementations thereof.

2. Waiver. To the greatest extent permitted by, but not in contravention of, applicable law, Affirmer hereby overtly, fully, permanently, irrevocably and unconditionally waives, abandons, and surrenders all of Affirmer's Copyright and Related Rights and associated claims and causes of action, whether now known or unknown (including existing as well as future claims and causes of action), in the Work (i) in all territories worldwide, (ii) for the maximum duration provided by applicable law or treaty (including future time extensions), (iii) in any current or future medium and for any number of copies, and (iv) for any purpose whatsoever, including without limitation commercial, advertising or promotional purposes (the "Waiver"). Affirmer makes the Waiver for the benefit of each member of the public at large and to the detriment of Affirmer's heirs and successors, fully intending that such Waiver shall not be subject to revocation, rescission, cancellation, termination, or any other legal or equitable action to disrupt the quiet enjoyment of the Work by the public as contemplated by Affirmer's express Statement of Purpose.

3. Public License Fallback. Should any part of the Waiver for any reason be judged legally invalid or ineffective under applicable law, then the Waiver shall be preserved to the maximum extent permitted taking into account Affirmer's express Statement of Purpose. In addition, to the extent the Waiver is so judged Affirmer hereby grants to each affected person a royalty-free, non transferable, non sublicensable, non-exclusive, irrevocable and unconditional license to exercise Affirmer's Copyright and Related Rights in the Work (i) in all territories worldwide, (ii) for the maximum duration provided by applicable law or treaty (including future time extensions), (iii) in any current or future medium and for any number of copies, and (iv) for any purpose whatsoever, including without limitation commercial, advertising or promotional purposes (the "License"). The License shall be deemed effective as of the date CC0 was applied by Affirmer to the Work. Should any part of the License for any reason be judged legally invalid or ineffective under applicable law, such partial invalidity or ineffectiveness shall not invalidate the remainder of the License, and in such case Affirmer hereby affirms that he or she will not (i) exercise any of his or her remaining Copyright and Related Rights in the Work or (ii) assert any associated claims and causes of action with respect to the Work, in either case contrary to Affirmer's express Statement of Purpose.

4. Limitations and Disclaimers.
• No trademark or patent rights held by Affirmer are waived, abandoned, surrendered, licensed or otherwise affected by this document.
• Affirmer offers the Work as-is and makes no representations or warranties of any kind concerning the Work, express, implied, statutory or otherwise, including without limitation warranties of title, merchantability, fitness for a particular purpose, non infringement, or the absence of latent or other defects, accuracy, or the present or absence of errors, whether or not discoverable, all to the greatest extent permissible under applicable law.
• Affirmer disclaims responsibility for clearing rights of other persons that may apply to the Work or any use thereof, including without limitation any person's Copyright and Related Rights in the Work. Further, Affirmer disclaims responsibility for obtaining any necessary consents, permissions or other rights required for any use of the Work.
• Affirmer understands and acknowledges that Creative Commons is not a party to this document and has no duty or obligation with respect to this CC0 or use of the Work.
